

WORKSHOP LIVE | PARTICIPATION

FOCUS ON PROMOTING YOUNG TALENT

Qualified workshop and service personnel are more important today than ever before. Longer machine downtimes cost time, money and nerves.

Since 2007, "Werkstatt Live" has been demonstrating how varied, interesting and future-proof the profession of agricultural and construction machinery mechatronics technician is.

As work is carried out on "real" machines and equipment, large machines and small equipment are sought as exhibits, which are made available by the manufacturers for maintenance, service and repair work.

Further details on request.

Offer	Description	Price
Large machine exhibitor	3-4 machines / large equipment for maintenance, service and repair work	EUR 7,000
Small implement exhibitor	2-3 small devices for maintenance, service and repair work	EUR 4,000
