International Dealer Center

Be part of the action, not just on the sidelines!

Are you a service provider offering services for the agricultural machinery trade and service? Then the AGRITECHNICA International Dealer Center offers you the unique opportunity to establish new, high-quality contacts worldwide: It's a lounge and meeting point for German and international dealers. The German Federal LandBauTechnik Association and the CLIMMAR international dealer association are also based here; you can present your programme to your target group directly at the trade fair. You can't get any closer!

This offer is aimed at service providers for specialised agricultural machinery companies in the following areas:

- Financing
- Insurance
- Logistics
- Customs clearance
- Purchasing co-operations
- Sales & Marketing
- Personnel services
- Training/Consulting/Education*
- Associations/Organisations
- Used machinery exchange
- Used machine price finder/valuation/investigator
- Used machine reconditioning

*A separate "Info Point Advanced Training" is planned for the master craftsman schools and providers of service technician training courses, which will present the courses offered by the training centers certified by the federal association.
