AGRITECHNICA 2025 – all awards at a glance

As the world's leading trade fair, AGRITECHNICA is the stage for trend-setting innovations and concepts in international agricultural technology.

The DLG will present **three awards at AGRITECHNICA 2025**:

Innovation Award AGRITECHNICA 2025

The leading innovation award in international agricultural machinery. It is awarded in gold and silver by the DLG Innovations Commission and honors products whose function has changed decisively and whose use enables a new process or significantly improves a known process.

Info: Johanna Pfeiffer
